SAFER FOOD SOLUTIONS

TableCraft® Provides Solutions to protect & serve your customers.

From prepping to serving food, TableCraft offers Safer Food Solutions™ that provide food safe practices, improve efficiencies, reduce waste, and promote cleanliness and sanitation within your establishment.

COLOR-CODED SYSTEMS HELP PREVENT CROSS-CONTAMINATION

Cross-contamination is the transfer of harmful bacteria to food from other foods. TableCraft's **color-coded cutting boards** and utensils promote food safe practices by designating foods to colors for safer food prep.

COLOR-CODING SPEEDS UP PREPARATION

Color-coding speeds up food preparation while providing a system that ensures accuracy and organization.

Our **Widemouth™ Silicone Sauce Bands** allow you to easily identify contents. Custom imprinting available to label with your own unique sauces and condiments.

PourMaster® Silicone Bands make identifying the contents of your PourMaster® easy! Dishwasher safe silicone bands are flexible and easily fit onto the neck of your PourMaster®.

FOOD ROTATION MANAGES THE QUALITY AND SAFETY OF FOOD.

Minimize waste, ensure proper food rotation, and save time with our selection of **Dualway™** and **NSF® InvertaTop™** squeeze bottles.

CROSS-CONTAMINATION FROM FOOD AND FOOD CONTACT SURFACES

One of the most overlooked vehicles of cross-contamination are cardboard film & foil dispensers. Cardboard is absorbent and cannot be washed easily; allowing it to easily harbor microbial germs, contaminants and pests. Keep your film, foil and food more sanitary while saving money with our selection of Film & Foil Dispensers.

COLOR-CODED SYSTEMS HELP PREVENT CROSS-CONTAMINATION

Cross-contamination is the transfer of harmful bacteria to food from other foods. TableCraft's color-coded cutting boards and utensils promote food safe practices by designating foods to colors for safer food prep.

CLEANLINESS HELPS PREVENT FOODBORNE ILLNESS

Cleanliness is a major factor in preventing foodborne illness. Everything that touches food should be clean. Our **Ridal Collection™ Serving Baskets** are dishwasher & microwave safe – allowing your kitchen to run more efficiently by saving time and keeping to Safer Food standards. Our **NSF® Ribbed Ramekin Family** allows condiments to be plated in an easy to clean, portion controlled manner. Our **PourMaster®** series keeps your bar tools more sanitary and easier to clean.

PREVENT “CROSS-CONTACT” OF KNOWN FOOD ALLERGENS OR GLUTEN

TableCraft has the dedicated tools to help prepare and label foods for your **allergen sensitive and gluten intolerant** guests. Adhering to a process assures the elimination of cross-contact of known allergens to your food prep and serving solutions.

KEEP YOUR CONTENTS SAFE AND COVERED

Our **Tethered Caps** keep contaminants and foreign particles out of your squeeze bottles or oil & vinegar bottles and ensure safe food practices in your kitchen. Squeeze bottle tethered caps are available in assorted packs; allowing you to color-code your squeeze bottle contents.

ENSURE SAFE & SANITARY PRACTICES BEHIND YOUR BAR

TableCraft's **Universal Liquor Pourer Covers and Dust Caps** are the sanitary solution to keep contaminants out of your liquor bottles. Liquor Pourer Covers and Dust Caps comply to most local bar regulations and are dishwasher safe.

BUFFET, CATERING & DISPLAY SOLUTIONS

Elevate Your Brand Image

TableCraft offers an array of products that elevate your brand image, enhance your buffet line and deliver dependable, durable solutions.

PROFESSIONAL BAKEWARE BY

Professional Bakeware by TableCraft has a deep-seated history of bringing high quality products to market that are dependable and promote food safe practices.

Handcrafted Sand Cast Aluminum offers a virtually unbreakable design, available in 23 colorful options plus natural, and conducts or maintains temperature for an extended period of time; better than most other serving options in the market. Mix and match serving pieces to create an eye catching presentation to enhance your brand image.

Our DuraCoat™ cast coating is NSF® listed, dishwasher safe, and safe for temperatures from -20 up to 195°F.

TableCraft provides a convenient and unique recoating program. Please contact your dealer for a quote and a recoating authorization (RCA) to refinish your cast aluminum serveware.

Please allow up to 4 weeks for TableCraft to refinish your cast aluminum project.

CONTEMPORARY COLLECTION™

Straight-Sided bowls save space and are available in a variety of sizes and colors for attractive presentation. Handcrafted Sand Cast Aluminum maintains proper serving temperatures longer while providing a virtually unbreakable solution.

PROFESSIONAL BAKEWARE CAST ALUMINUM

AURORA COLLECTION™

The Cast Aluminum construction is virtually unbreakable. Optimal performance of cast design not only conducts temperature, but will never dent, thus, keeping your equipment running more efficiently.

- Made within standard pan sizes; no template required, meaning fewer restrictions and more savings
- Operator friendly Aurora Collection™ stores easily by nesting together
- Flat base surface works well with cooling plates and conducts optimal temperatures
- Use with universal adapter bars (Pg. 19)

COOLING PLATES AND DISPLAYS

SQUARE / RECTANGULAR PLATES - BRUSHED STAINLESS STEEL

For best results, freeze overnight and serve food with pre-chilled cast aluminum bowls or cooling plate trays. Cooling plates will help to keep food chilled for 2-3 hours. Results may vary dependant on ambient room temperature. Cooling plates can be used seperately, with stands or on cooling base station.

BETHANY VILLAGE HOMESTEAD RETIREMENT AND SENIOR LIVING DAYTON, OH

WEEKEND BRUNCH AT BETHANY VILLAGE

"It's simple, highly effective, and an aesthetically pleasing piece of equipment. It's all right here, in front of the guest, to see fresh and quality ingredients being used for their custom omelette. My staff and I appreciate the safety of induction over butane, not to mention how quickly the induction heats up and allows us to serve our guests quickly and safely."

*Executive Chef Eric Williams,
Bethany Village*

NSF® OPTION™ DISPENSER

Our NSF® Option™ dispenser family is the perfect solution to serving dressings. Easy to read handles and clear bottles make it simple to identify contents. Holding trays keep your bottles organized in a refrigerated unit and are the same dimension as a full size food pan. Slider prevents drips and keeps your countertops clean. Bottle is BPA Free Tritan® material. Ergonomic handle. Unit disassembles for easy cleaning.

48 OZ BPA FREE TRITAN®

Set includes (6) dispensers with black plastic tops, (1) tray, (10) different salad dressing tags. (Bleu Cheese, Fat Free Ranch, Fat Free Italian, French, House, Italian, Ranch, Russian, Thousand Island and Vinaigrette)

SOLAR LANTERN

Lanterns are precharged and will stay illuminated for 8-10 hours. To recharge, place lantern in direct sunlight for 6-8 hours with the power switch in the "on" position. Lanterns will not charge if the switch is in the "off" position. When the switch is in the "on" position, lanterns will automatically turn on in the dark and off in the light. Lanterns may be used both indoors and outdoors, but must be kept dry when used outdoors. No batteries required. Emits 3-5 lumens.

HANDWOVEN BASKETS

FOLD-A-WAY™ TRAY STAND

Patented, ergonomic folding tray stand. Opens to 14½" diameter x 35" height. Elevated height relieves back strain while serving. Attractive mahogany or black wood finish. Easy to fold, reducing the stand to 3¾" diameter x 47¾" height. Easy to carry and transport with one hand; opens effortlessly tableside. Looped handle design can be stored on a hook, saving valuable floor space. Non-slip rubber grips help prevent your tray from getting knocked off while serving.

WOOD, MAHOGANY AND BLACK FINISH

NSF® INVERTATOP™ SQUEEZE BOTTLES

Valve design works with a variety of both high viscosity, fast-flowing liquids such as olive oil & vinegar, as well as low viscosity, slow-flowing condiments from barbeque and mayonnaise to tatar sauce. Valve design will dispense any sauce with up to 1/8" particles.

- Dispense from the bottom, fill from the top
- Reduces waste and speeds up food prep
- Easy to clean removable ValveTop™

GRIPPY CUTTING BOARDS

Prevent cross-contamination with TableCraft's Color-Coded Cutting Boards with Integrated Grips. The color-coded system is designed to eliminate cross-contamination and promote Hazard Analysis and Critical Control Points (HACCP) guidelines. Corner grips are designed to prevent slippage. Integrated measurements (in/cm) on each side assist in proper food portions.

Sanitary and easy to clean. Integrated handle for easy carrying, hanging and storing. Heat and chemical resistant.

GRIPPY CUTTING BOARD HACCP KITS

Available in 4-pack or 6-pack options. Each board individually shrink-wrapped.

SAFERFOOD SOLUTIONS™ POURMASTER® SERIES

The PourMaster® Series stores mixers & juices, allowing you to pour the perfect drink, every time. NSF® certified materials and designs keep your bar tools sanitary and easy to clean. Color-coded caps and necks assist with easy identification of contents. Store caps screw onto the bottom of the bottle when not in use. Multiple color-coded top options: Long Neck Top™ for fast cocktail making, V-Neck Top™ for chunkier mixes or condiment options, or Low Profile Top™ for serving in restricted bar space or direct from cooler. Super fast, clog-resistant vented pourers speed up your service.

PROPER POUR® MEASURE POURERS

Eliminate over pours that rob profits. TableCraft's Proper Pour™ provides accurate pours for consistent drinks. Color-coded dip tube indicates measurements, while spout colors allow for easy liquor identification. Multi-ball technology blocks the air chamber, preventing additional alcohol from pouring out.

PLASTIC WITH BLACK COLLAR

12 pourers per polybag.

A close-up photograph of a rectangular brass sign mounted on a wall. The sign features a stylized, dark-colored figure of a person in the upper half, with a circular head and a rectangular body. Below the figure, the word "RESTROOMS" is embossed in a bold, sans-serif font. The sign is secured by two screws, one on the left and one on the right, visible as circular holes with vertical lines through them. The background wall is a light, textured surface.

TableCraft recommended care & use for your products

Acrylic

For best results, we recommend to hand wash with a soft cloth and mild detergent, then towel dry. Do not wash with harsh or abrasive cleaners. Do not put in the dishwasher. Not microwave or oven safe.

Melamine

Dishwasher safe. Due to the size of some pieces, hand washing is best. We recommend to use a soft cloth and mild detergent, then towel dry. Not microwave or oven safe. Safe for temperatures up to 212°F/100°C.

Porcelain

All pieces are dishwasher and microwave safe. Due to the size of some pieces, hand washing is best. We recommend to use a soft cloth and mild detergent, then towel dry.

Recycled Green Glass

Dishwasher safe. Due to the size of some pieces, handwashing is best. For best results, clean with a soft cloth and mild detergent, then towel dry. Due to the nature of recycled glass, it is common to notice bubbles and small lines in the finished product. These characteristics are natural qualities of recycled glass — no two pieces are exactly alike. Not microwave or oven safe.

Stainless Steel

Dishwasher safe. For best results, we recommend to hand wash with a soft cloth and mild detergent, then towel dry immediately to maximize their beauty. Do not wash with harsh or abrasive cleaners. Do not allow product to soak in water for extended periods of time (will prevent rust). Not microwave safe.

Galvanized Steel

Hand wash with a soft cloth and mild detergent, then towel dry. Do not wash with harsh or abrasive cleaners. Do not allow product to soak in water for extended periods of time (will prevent rust). Not microwave safe.

Black Metal / Chrome Plated Baskets or Racks

Hand wash with a soft cloth and mild detergent, then towel dry. Do not wash with harsh or abrasive cleaners. Do not put in the dishwasher.

Polypropylene and Ridal Collection™ Baskets

Dishwasher safe (low temperature). Not microwave or oven safe.

Vinyl Baskets

Not dishwasher safe. Not microwave or oven safe.

Willow (1174W Series)

For best results, we recommend to hand wash with a soft cloth and mild detergent, then towel dry. Do not wash with harsh or abrasive cleaners. Do not put in the dishwasher.

Polyethylene/Plastic Baskets

Dishwasher safe (low temperature), microwave safe (for re-heat only) and heat lamp safe up to 150°F/65°C.

Polyethylene/Plastic Bottles

Dishwasher safe (low temperature).
Not microwave safe.

Wood Products (bread boards, salad bowls, pepper mills, Acacia, Ashwood, Bamboo, etc.)

Hand wash with a soft cloth and mild detergent, then towel dry. Do not wash with harsh or abrasive cleaners. Do not put in the dishwasher. Do not let product soak in water for extended periods of time (prevents splitting).

ETL

CW40164, CW40162, CW40160, CW30159, CW30157, CW30158. The ETL Listed Mark is proof of product compliance (electrical, gas and other safety standards) to North America safety standards.

NSF® Listing

This catalog was printed January 2018. Item listing is constantly updated, please see NSF®.org for the latest listing information.

Stainless Steel (Tri-Ply)

Stainless Steel cookware is dishwasher safe. However, we recommend hand-drying the cookware immediately after the rinse cycle or hand-washing and drying to preserve the original finish. Prolonged exposure to high heat settings may cause your cookware to discolor. To recondition your cookware or to remove stubborn spots and stains, use a nonabrasive pad and quality Stainless Steel cleanser such as Bar Keepers Friend®.

Cast Iron

Our line of Cast Iron is pre-seasoned, however it is still important to seal the surface of cast iron through a process called "seasoning." This makes the cookware less likely to stick, protects it from corrosion and rust, and prevents food from taking on metallic flavors. With proper care, a well seasoned pan will only get better with time and last for years. Wash the pan thoroughly in hot soapy water, then hand dry immediately. Using a cloth or paper towel, grease the pan thoroughly with a thin coating of vegetable oil or melted vegetable shortening. Be sure to coat the entire surface, including all corners. Heat the oven to 350°F (176°C). Place the cookware in the oven for 1 hour. Remove while hot and allow to cool to room temperature. Wipe away any excess oil, being careful not to scrub clean, then store. To preserve the seasoned finish, cast iron must be cleaned differently from other types of cookware. Cast Iron should never be placed inside a dishwasher or scrubbed with scouring pads or steel wool. Instead, wipe the pan clean with a sponge or dishcloth in hot water, without detergent. Any residue may be removed by boiling a little salt and vinegar in the pan, or by rubbing with a paper towel and coarse salt. Hand dry immediately after washing and brush with a thin coating of vegetable oil before storing. If stacking pans, place a paper towel between them. Pans should be seasoned from time to time when needed. Cast iron cookware is heavy and care should be taken when lifting; where available, use side handles for extra stability. Always use heat protection gloves as handles will become hot. Allow cookware to cool before cleaning. Cast Iron is not microwave safe.

Rust? Don't Panic, it's not broken.

Without protective seasoning iron can rust. It's really easy to fix. Scour the rust, rinse, dry, and rub with a little vegetable oil. If problem persists, you will need to thoroughly remove all rust and follow our re-seasoning instructions.

Cast Aluminum - Natural

The "Naturals" are made of a food safe cast aluminum without coating and are NSF® approved. These items can endure temperatures from -20 up to 450°F. When using a non-caustic detergent, the product is dishwasher safe. Staining will occur if acidic foods are put into the natural products.

Cast Aluminum - Coated

All Coated Cast Aluminum products are NSF® approved and will endure temperatures from -20 up to 195°F. (DO NOT BAKE in the coated cast aluminum products). If a defect in the coating appears, such as peeling or chipping, the product must be taken out of service immediately and repaired or replaced. The intended purpose of the color coated products is for serving & display only. They are not to be used in the preparation of food. Some environmental uses are, but not limited to, buffet lines, catered environments, and in food display cases. Do not cut directly on the products, as this will cause the coating to scratch. Do not put any of the products in an oven, on a stove top, under a heat lamp or in any other condition where the temperature exceeds 195°F. Washing by hand is recommended, but when using a non-caustic detergent, the coating is dishwasher safe. Do not clean with scouring pads. Only use nylon or sponge pads. Regular dish washing will dull the coating. Do not use metal utensils on the color coated products. NOTE: Staining of all color coated products will occur especially if used with acidic foods. The lighter (white, sky blue, and gray) colors are more likely to show stains than darker colors. Staining of products is not covered under warranty.

terms & conditions / legal

For shipments out of US only

Prepaid Freight \$1900.00 NET

Prepaid freight on \$1900 order to one destination within continental limits of the United States via carrier and routing selected by TableCraft. You may not combine orders from IL and TX to equal \$1900 NET to receive prepaid freight. All weights are approximate. Prepaid freight does not apply to special express shipments.

Payment Terms

Net 30 days to approved accounts. A 2% per month service charge will be incurred if the account is 30 days or more past due. No C.O.D. orders accepted.

Credit Cards

TableCraft accepts credit card payments for Cash-in-Advance accounts only. Minimum credit card order is \$250.00 NET. We accept Visa, MasterCard, American Express and Discover.

New Accounts

Minimum opening order is \$1900 NET. Provide resale number and trade references.

Minimum Orders

For orders less than \$100 NET, a \$15 NET processing fee will be added. No processing fee on parts only.

Customer Pick-ups

Appointments for merchandise pick-up must be scheduled a minimum 24 hours in advance by contacting our customer service department.

Custom Orders

Orders for custom products may require a deposit. All custom orders require a separate purchase order and are non-cancelable. Costs incurred to produce/procure a custom product that has been canceled, will be the responsibility of the customer. TableCraft's standard freight terms apply. Delivery of products within 10% + or - variance of the ordered quantities constitutes fulfillment of the custom order, with payment to be made on the basis of actual delivery.

International Orders

All orders payable in U.S. funds. International orders will be accepted against wire transfers, checks and credit cards unless credit has been established. F.O.B. TableCraft Distribution Center. Minimum order is \$250 net. Orders under \$250 will be accepted with a 15% processing fee. International orders under \$100 will not be accepted.

Additions / Changes to Orders

Depending on the time that an order is received, add-ons cannot be guaranteed. Any changes or cancellations requested after an order has been staged for shipping may be subject to a 10% change/cancellation fee.

Backorders

TableCraft reserves the right to cancel backorders on prepaid shipments. Add-ons are not allowed on prepaid backorders.

Shipping Dates

Orders acknowledged with an "anticipated shipping date" are based on current production schedules. This is not a guaranteed commitment to ship on that date. Orders requesting next day or 2nd day air delivery must be placed prior to 11AM CT, and same-day shipments cannot be guaranteed.

Returns

Contact your local sales representative to request a written return authorization. Return request must be received within 60 days of shipment from TableCraft. Goods must be returned to TableCraft within 30 days of RA issuance in original cartons- full cases only. Returns must be prepaid and are subject to a 25% restocking charge. A return authorization number must appear on all returned cartons. Credit will not be issued for discontinued products, custom items or unauthorized returns. Professional Bakeware cast aluminum vessels and templates are considered custom products and are not returnable.

Damages & Shortages

Inspect shipments immediately. All shortages /damages must be reported to TableCraft **within 48 hrs.** of delivery date. Drop Trailer deliveries must be reported to Carrier & TableCraft **within 24 hrs.** of delivery date. Any delivery without supporting inspection documentation of a claim or a Proof of Delivery with short/damage notations, will not be honored for review or credit. If damaged merchandise is to be returned, authorization must be obtained from TableCraft.

Freight Accessorial Charges

TableCraft reserves the right to charge accessorial charges from freight companies.

These charges include:

- Inside delivery charges
- Liftgate charges
- Sort and segregate fees

These charges are additional services beyond normal delivery and are not included in the prepaid freight program.
